PRACTITIONER

SENIOR PRACTITIONER

COMMUNITY OF PRACTICE

2023 Team Coaching Training Series **Senior Practitioner**

Deeply
embedding your
team coaching
practice.

ENHANCE YOUR TEAM COACHING AND BECOME AN ACCREDITED SENIOR PRACTITIONER TEAM COACH.

The Senior Practitioner Program aims to embed team coaching with both the practitioner and the team. The program is case and supervision based. You will be required to have significant team coaching experience and at least two teams you are coaching to participate in the learning.

In this experiential program, you will:

- Embed your practice as a team coach
- Learn with your peers through study groups and receive useful tips and feedback
- Share your experience through case studies, providing insights and giving feedback
- Extend your knowledge about team dynamics, systems, co-coaching and conflict
- Review and advance your application of team coaching tools, processes and methodology.

Expect deep challenge and reflection, and to receive unexpected but extremely valuable insights that are likely to (possibly significantly) shift how you are as a team coach and how you coach in team moving forward.

Program Graduate - Sonya Trau, Australia

During this highly experiential program, you will complete the program as a senior practitioner. The program will embed the models, tools and learning through in-session case study practice and a bit of theory, culminating in you presenting your philosophy & approach to team coaching to the cohort. Prepare to be inspired and challenged.

THIS YEAR-LONG PROGRAM COVERS:

- Deepen your capabilities as a Team Coach
- Foster and maximise inner-team and inner-organisational engagement
- Extend your ability to Contract and notice Psychological Safety using case studies
- Work with Complex Adaptive Systems (CAS) via real life case studies
- Enhance your capability and capacity as a Team Coach
- Strengthen PERILL model concepts across an organisation using organisational design
- Employ the PERILL diagnostic (a free tool offered to all students in the program!)
- Understand the CNIIC model and how to work with forces acting on a team
- Apply the conflict and fault-free analysis approach with your case study work
- Practice Team Coaching, receive feedback and support your peers to embody their Team Coaching capabilities
- Receive Team Coaching supervision
- Take authority as a Team Coach, working alongside a Co-coach and Team Leader
- Use case studies to examine your work and practice your Team Coaching skills
- Support the team and its members to engage across the organisation
- Gain comfortability with conflict and use it productively with teams
- Manage complex team engagements and teams of teams integration

PROGRAM HOST – TAMMY TURNER

As one of the most internationally experienced coaches, Tammy has extensive experience coaching teams and groups at all levels; C-Suite executives, their teams and individuals to enhance their impact to the wider organisation. Tammy has designed and delivered strategic business initiatives aligned with individual and organisational change. She shares her wisdom and real-world experience to advance the novice to the experienced coaching leader. As a visionary in the coaching industry, she has authored books and articles on team coaching, coaching supervision and multicultural coaching.

We have a rotating international faculty, including David Clutterbuck, who will be engaged in the program. The full faculty list will be provided closer to program commencement.
