

## Master Certified Coach Program

A hybrid program combining both coach mentoring and reflective practice, to help MCC candidates discover their unique voice and coaching genius.

**The Master Certified Coach Program (MCCP) gives learners the opportunity to unfold and discover their unique voice and coaching genius.**

This virtual mentoring program consists of 6 monthly groups sessions and 3 individual sessions. We suggest your individual sessions also map to the suggested program flow, but can be flexible. All programs are delivered via Zoom as part of your ICF Credential Application.

Group sessions run for 90 minutes and individual mentoring sessions run for 60 minutes. The program will cover:

- Gain an in-depth application of the ICF Core competencies at MCC level
- Receive and learn from targeted feedback about your coaching
- Develop yourself as a coach through reflective practice
- Learn in a safe environment with other MCC applicants by listening to each other coach

Harness your years of coaching experience and wisdom toward the ICF Master Certified Coach (MCC) credential.

## PROGRAM INCLUSIONS

- Materials, tools and knowledge required to coach at the MCC level
- Online, live, and experiential learning
- MCC recording examples
- Opportunities to coach, be coached, and review recorded coaching sessions for feedback from your mentor and peers
- Individual personalised mentoring on your coaching to address your specific needs and areas for improvement

## YOUR MENTOR

**TAMMY TURNER** – As a Certified Coaching Supervisor, ICF Coaching Mentor and an ICF Master Certified Coach (MCC), Tammy Turner has supported both organisational and individual coaches to be their best. Over the last 7 years Tammy has mentored nearly 300 coaches identifying suggested areas for growth, delivering useful feedback and supporting coaches throughout their learning journey.

Tammy fosters a synergistic relationship through psychological safety enhancing coaches' ability to reflect about themselves and bring their 'best self' to their coaching practice. This expanded capacity leads to enriched engagement with their client, their work and the client's organisation. Tammy has been working in the coaching profession since 2001 and has over 10,000 client-facing hours

## LEARNING OUTCOMES MAY INCLUDE:

- Listening to other MCC coaches and receiving peer and professional feedback against the ICF Core Competencies
- Understanding what's required for being a great coach to a masterful one, as defined by the ICF.
- Examining coaching blind spots, internal barriers to risk-taking and/or working within the systemic relational field as an experienced coach.
- Improving reflection in action and reflective practice.
